Submitted on: 10/02/2025

Description of records requested: To the Public Records Manager, This request is made pursuant to Oregon's Public Records Law, ORS 192.311–192.478. I am requesting access to the Deployment Plan developed by the city for Flock Safety camera installation as described on page 29 of contract number 2025-03244, section 10.2 and 10.3, between the City of Eugene and Flock Safety. If any portions are withheld or redacted, please produce all segregable nonexempt material and cite the specific statutory basis for each withholding. If available, please provide the records in digital format. Thank you for your assistance. Seth May [2510-04]

Dear Seth May,

The City of Eugene has reviewed your request and determined that the City is the custodian of a current deployment map regarding Flock ALPR camera locations. After reviewing this request, the City has determined that this map is exempt from disclosure pursuant to ORS 192.345(23)(b).

Additionally, the City determined that the previous deployment maps and recommendations were not retained and therefore the City does not possess additional records responsive to this request.

If an exemption has been asserted, you may seek review of that decision pursuant to ORS 192.415.

The City considers this request closed.

Thank you,
Eugene Police Department
